*Задание на нахождение
лишнего слова*

или

на словоупотребление -

что сложнее???

***Задание на нахождение
лишнего слова,
как создать алгоритм?***

Прочитайте текст. Из каждой строки (B9-B18) выпишите ОДНО лишнее слово.

B9. Did you know there are over than 22,000 species of fish and around two million

B10. whales in our oceans? However, something such terrible is happening and if it doesn't

B11. stop soon, it may actually to destroy our oceans forever. Our seas are filling up with

B12. plastic: bags, bottles and straws. The plastic moves from others rivers into the sea,

B13. then ocean currents push it together to make giant floating islands of many waste.

B14. The main problem what is that the plastic takes an extremely long time to disappear.

B15. Did you know that it takes around 450 years for a plastic bottle to disappear itself?

B16. Every scientists predict that unless we do something to reduce the waste, by 2050

B17. there could be more plastic in the sea than fish. This is been because the plastic breaks

B18. into very smaller pieces and then fish, sea birds and other marine life eat them and die.
